

-If necessary, take the child to the nearest emergency facility
(Cape Fear Valley
Hospital).

IMMUNIZATIONS

A health form concerning immunizations must be filled out either with the dates and types of immunizations given or a signature of waiver. This form is included in the packet.

TERMINATION POLICY

M.C.C.C. will terminate the Center Agreement for any of the following reasons:

- A child who is violent to themselves or others - this includes animals.
- A child whose parents are consistently delinquent in meeting their financial commitments

To M.C.C.C.

A 2-week notice must be given in each case except for a violent child, which will be terminated immediately. If for any reason you wish to terminate your child's enrollment at M.C.C.C. A 2-week notice is required in writing. This enables us to seek a replacement for the child without interrupting income. Parents who do not give the required 2-week notice of termination will still be charged for those 2 weeks.
